

# Flowers & Gulal

Many among us specially ladies are scared of playing colors and stays off the festivities of Holi / Dholjatra. Their absence from the scene of festivities diminishes the charm and aura of community festival. We have a solution to this and we hope, you will not be staying back at home this year BUT come out in large numbers in special enclosure made in the Garden-1 for celebrating Holi in different style. Wet colors / water will not be allowed in that area BUT we will arrange loads of basket of flowers and Gulal to play with. Music and mic are placed at that venue to sing along the folk songs and bhajans with the thumping sound of dhap & dhol.

Our security staff will ensure that those who do not wish to be colored are not bothered in that enclosure. Time to group yourself and enjoy the festivities with different style.
